Public Notice

Dear Camden-Wyoming Sewer & Water Customer,

Date: Friday, August 13, 2020

Time: 8:00 AM – Until completed (same day)

Location: Intersection of Old North Road St & Thornley Dr

On Friday, August 13th beginning at 8:00 am, throughout the day, you will experience temporary loss of water service for we will be isolating water lines for a fire hydrant replacement.

While work is taking place, you will experience loss of water.

After the work is completed, you may experience temporary and harmless discoloration of the water. To avoid possible discoloration of light-colored clothing, residents may wish to not launder during this time and a period of at least 24 hours after. If you should experience brown water, running your outside spigot (is ideal)- or you may run a **cold-water** faucet in the house until the water runs clear.

We apologize for any inconvenience this may cause. Please contact the office at 302-697-6372 if you should have any questions.

Rain Date: Will be the following business day.

Respectfully,

Camden-Wyoming Sewer & Water Authority
