### **Sewer Line Break at Sandy Hill in Camden**

**Dover, Del.** - This morning, Kent County experienced a sewer force main break at the intersection of Rising Sun Rd and Sandy Hill Trail. Kent County Public Works staff and a contractor are on the scene to assess damages. Water flows are being diverted to minimize the overflow where possible. While repair efforts are underway, we ask everyone in Camden Wyoming and Dover to conserve water over the next 24 hours.

We will publish updates as more information becomes available.
